

# Miss Basinger's First Grade Newsletter February 2, 2017

## This is what we studied:

- The word of the week: *common sense*— thinking before acting, using good judgment.
- The students have been learning about different environments and how animals can adapt to them for Project Lead the Way
- We are beginning a study on determining whether or not shapes are congruent (same size and shape)
- We are working on finding the missing number on a number line (skip counting by 5s and 10s)
- We are continuing to work on place value. We just started learning numbers over 100 and discussing the hundreds place.
- We had a BLAST on 100<sup>th</sup> day centers!! SO many fun things to do, such as: build a structure with 100 legos, make a 100s puzzle, "Dollar dig" activity— see how many pennies you can grab and get closest to 100/stack them as high as possible), and wrote three different 100-themed writing pieces— "Things I've been told 100 times," "I wish I had 100..." and "When I am 100 years old."

There are SO many things in lost and found!!!!!! Tons of cardigan sweaters! If you are missing one, please help your child find it ☺

From Administration—

Parents:

We have had several children sick with a stomach bug. As a result, accidents do happen and children need a change of clothing. If your child has been sick or has been exposed to the stomach bug, please go ahead and send a change of clothing along with underwear in their backpack for those unforeseen accidents.

Thank you!
